

Honolulu Community College

Funding Request Form¹

A. UH System/UHCC System: Strategic Outcome #4

Globally Competitive Workforce: Address critical workforce shortages and prepare students (undergraduate, graduate, and professionals) to be leaders in a globally competitive economy.

B. HCC Strategy: Expand and Enhance Existing Program

C. College Mission: Serve the Pacific Rim as the primary technical training center in areas such as transportation, information technology, education, communications, construction and public and personal services.

D. Program Mission: The Automotive Technology program's mission is to serve the community as a learning-centered, open door program that provides technical training to meet the demands of the automotive industry and the needs of the individual. An open-exit option allows the students to identify their career objectives and participate in program exploration.

E. Program Review: This year's annual program review revealed the need to upgrade out-dated equipment used to train student to meet industry standards stipulated by NATEF in tasks located throughout various course modules
